His artwork is called **Marrambik Boonwurrung**.

The photos are of trees with bark cut out.

The removed bits are used to make **coolamons**.

**coolamons** are used to carry food, water, and babies.

Mitch wants to make sure the old way of making things stays alive.

# Rose Nolan

Rose has painted on the gallery wall.

If you are close to the wall the red looks like shapes.

If you are far from the wall, the red and white make a word.

This artwork is called  
'SUPERIMPOSED'

Fiona has 2 artworks.

They are above the fireplaces.

The first sculpture is called *Tie-Up*.

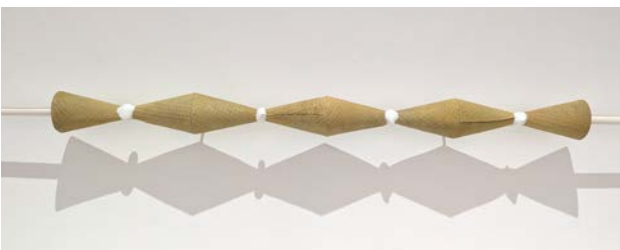

It is a giant bow.

It is also a dress on its side.

They are really made of metal.

Fiona likes St Kilda and has fun here.

There is also some green wood that looks like a ladder.

There is a secret room in the building that has a big ladder in it.

# Ry Haskings

Ry has made artwork out of old windows and wooden boards.

When there is a building he cannot see inside of he wonders what might be happening inside.

He has drawn stripes on the boards.

Robbie's artwork can be seen, heard and felt.

On the tv is a video.

In the video Robbie makes sounds from old saw blades.

Sometimes can feel the vibrations from the sounds.

Around the corner is a white door.

Robbie cut a big part of the door out.

Looking through the cut you can see the artwork he made from the cut up door.
